

BTEC Extended Diploma in Photography - P089

The Level 3 Extended Diploma in Photography provides learners with opportunities to develop a range of skills needed for a career in the lens-based media sector, while also supporting routes into higher education.

COURSE DETAILS

This level 3 course explores a diverse range of technical and creative disciplines within Photography.

Students will build a grounding foundation in both digital and film formats, developing skills that will enhance them to progress internally to our HND or HNC Photography programs, other HE courses or straight into the industry.

Students will learn how to use professional camera equipment, darkroom, studio and editing software.

Exploring a range of topics within photography such as, portraits, journalism, experimental and advertising. As well as looking into the work of key practitioners, learning how to analyse and critically reflect, both their own work and the work of others.

With opportunities to exhibit work, take part in workshops, meet guest speakers and trips, students will be able to explore and develop photography skills on this exciting and diverse course.
