

Certificate in Media, Film and TV - P130

Our Level 2 Certificate in Media, Film, and TV is designed to equip you with the foundational skills and knowledge needed to pursue your passion for visual storytelling. You will explore essential concepts in media content and production, including working with audio software, creating storyboards, and learning how to use video cameras effectively.

Additionally, you will gain hands-on experience with video editing software, developing the technical skills necessary to bring your creative ideas to life.

COURSE DETAILS

Through practical exercises and creative projects, you will learn how to plan, capture, and edit video content, understanding the dynamic relationship between pre-production, production, and post-production processes.

This course offers an engaging and hands-on learning environment, allowing you to experiment with ideas while building a personal portfolio of work that highlights your creative and technical achievements.
