Data Protection and Security - C133

This Programme will allow learners to demonstrate understanding of data protection and data security. It will help learners progress to a work role where data protection and data security knowledge is required.

COURSE DETAILS

The objectives of this qualification are to enable learners to:

- understand current data legislation
- understand steps organisations might take to help protect data
- understand how to protect their own data
- understand how to protect ICT systems from common threats
- understand the consequences of not protecting data and systems

TIMETABLE INFO

- Thursday, 9am - 4pm
- Twelve Quays Campus
