

NVQ Plumbing and Heating Diploma - R170

The level 2 NVQ qualification is the next step for anybody with the level 2 diploma qualification who is working on site with a plumber. The course is designed to boost your qualification from a plumber's mate to an industry recognised plumber.

COURSE DETAILS

The NVQ course is designed for students who already have a level 2 diploma in plumbing and heating, this course will allow them to gain industry recognised qualifications by certifying them with a Level 2 NVQ in Plumbing and Heating.

ENTRY GUIDELINES

The applicant must hold a minimum of a Level 2 diploma in plumbing and have a job working on site as a plumber.

ASSESSMENT METHOD

The course requires students to complete one exam on environmental awareness - this must take place in the College. All revision materials will be provided. There will then be a minimum of 6 onsite visits by our assessor who will help with the completion of your on-site portfolio.
