

Award in 2D Computer Aided Design - EG202

Our CAD (Computer-Aided Design) courses offer comprehensive training on industry-standard design software giving you the skills needed to excel in the manufacturing and engineering sectors. Whether you're a beginner looking to start your career in design or an experienced professional aiming to acquire 2D/3D design skills, our range of qualifications is designed to meet your needs.

COURSE DETAILS

This course provides the foundational knowledge and practical tools necessary to develop industry-standard skills in AutoCAD 2D design software.

ENTRY GUIDELINES

You must be 19 or over to study on this course.

You do not need formal qualifications for this course but will be considered on your individual skills and experience. You must be able to follow instructions, be willing to work independently, produce answers in a clear and understandable form and organise information clearly.

Some experience of using computers or design software would be beneficial.

You must complete a satisfactory interview and demonstrate your interest in this career pathway.

If English is not your first language, you may need an assessment before enrolling on this course. To discuss further, please contact the ESOL department on 0151 551 7144.

WHERE CAN I PROGRESS TO?

This qualification will allow progression to further Level 2 or Level 3 qualifications in a range of computer design applications.

WHEN DOES THIS COURSE RUN?

CAMPUS	STARTS	ATTENDANCE	COURSE CODE	PLANNED TIME TABLE
	25th Jan 2026	Part Time	EG202-25	
<p>If you are aged 19 or over:</p> <p>Fee : £390.00</p> <p><i>The fee quoted is for the academic year 25/26.</i></p>
