

## Engineering Diploma - EG201

This course enables you to build upon the range of skills and knowledge gained at Level 1 to further develop your skills and knowledge to enable you to progress to a career within the engineering industry.

### COURSE DETAILS

Are you passionate about engineering and eager to build a career in this dynamic field?

Our Engineering Diploma is designed to equip you with the essential skills and knowledge needed to excel in the engineering industry. This course builds on the foundational skills and prepares you for further education or positions in engineering.

### ENTRY GUIDELINES

- You will need 4 GCSE's at Grade 3 or above. One of the 4 GCSE's to be Maths or English at Grade 3 (or Functional Skill level 1) to study at this level.
- If you have a beginner/Introductory qualification in the subject you want to study and a maths or English GCSE at Grade 3 (or Functional Skill level 1) you can study at this level.
- Entry requirements for Level 2 courses in some sectors may be more specific. If you're unsure whether you meet these requirements, don't worry — we can help you find a suitable course that aligns with your skills and experience.

If English is not your first language, you may need an assessment before enrolling on this course. To discuss further, please contact the ESOL department on 0151 551 7144.

### EQUIPMENT REQUIRED

To learn effectively on your course you will need to use certain items of equipment and undertake particular activities as part of your studies. To further enhance your learning experience the following will be required: Personal Protective Equipment - £95 Educational Visits - £50 If you need support with these costs, don't worry, click on the link below and complete a bursary application form. <https://www.wmc.ac.uk/student-support/financial-support/bursaries-loans> Equipment purchased will be yours to keep and you will be able to use them for practice at home and in your future career. N.B. prices correct as of 23/06/2021

## ASSESSMENT METHOD

Students are assessed through portfolio of work, both practical and theoretical.

## ADDITIONAL INFORMATION

Students need the maturity, independence and motivation to attend college regularly and on time, participate to the best of their ability and behave in a responsible manner.

### Are you aged 16-18?

**Study programmes** are full-time courses for 16-18 year olds which include:

- A qualification such as BTEC Extended Diploma
- Meaningful work experience or preparation for work
- English and maths, if you don't already have GCSE grade A\* - C or Grade 4 or above in English and maths
- Non-study activities such as tutorials, voluntary work, fund-raising/charity work or trips

## WHERE CAN I PROGRESS TO?

Level 3 Diploma in Engineering

This is a recognised industry based award and as such provides students with knowledge and skills at the level which employers recognise as important to the industry.

Explore potential careers via [Career Match](#) — it provides current local data on wages and employment prospects.
