

IOSH Working Safely - S141

Working Safely is for people at any level, in any sector worldwide, who need a grounding in the essentials of safety and health. It gives everyone at work an understanding of why they must 'work safely' — and does it in an enjoyable way.

COURSE DETAILS

Working Safely is a completely different approach to safety and health training. It's a high-impact programme designed to be fun and get people fully involved. The first-class, jargon-free content is based on what people need to know in practice, and not off-putting legal language.

Working Safely covers:

- An outline of occupational safety and health
- Defining hazard and risk
- Identifying common hazards
- Improving safety performance

ENTRY GUIDELINES

You should have at least one year's work experience in any area of work before studying this course and have a level 2 English qualification or equivalent skills. If English is not your first language, you may need an assessment before enrolling on this course. To discuss further, please contact the ESOL department on 0151 551 7144.

EQUIPMENT REQUIRED

No specific equipment is required for you to complete this course.

ASSESSMENT METHOD

The end of course assessment is in two parts:

1. A multi-format question paper
 2. A multiple choice hazard spotting exercise
- Successful delegates are awarded an IOSH Working Safely certificate and/or passport card.

ADDITIONAL INFORMATION

Working Safely is a globally-recognised and respected certificated qualification for all employees. Benefits include:

- Peace of mind from training that's designed and quality-controlled by IOSH - the Chartered body for safety and health professionals
- Minimal disruption to working days and shifts - the programme is delivered in just one day, including the assessment
- Efficient and effective learning - health, safety and environmental basics are covered in a single, self-contained session
- Globally-recognised, respected and certificated training

WHERE CAN I PROGRESS TO?

Candidates looking to build their health and safety expertise may wish to consider IOSH Managing Safely or one of the NEBOSH courses in Risk assessment, General Health & Safety, Fire Safety or Construction Health & Safety.
